Acer X110P

Specifications

Model name	Acer X110P
Projection system	DLP®
Resolution	Native SVGA (800 x 600) Maximum UXGA (1600 x 1200), 1080p (1920 x 1080)
Aspect ratio	4:3 (native), 16:9
Contrast ratio	4000:1
Brightness	2700 ANSI lumens (standard), 2160 ANSI lumens (ECO)
Lamp life	5000 hours (standard), 6000 hours (ECO)
Projection lens	F = 2.41 – 2.55, f = 21.79 – 23.99 mm 1:1.1 manual zoom and focus
Keystone correction	±40 degrees (vertical), manual
Noise level	30 dBA (standard mode), 26 dBA (ECO mode)
Input interface	Analog RGB/component video (D-Sub), composite video (RCA), S-Video (mini DIN)
Control interface	Mini USB (Type B)
Dimensions	268 x 192 x 80 mm (10.6" x 7.6" x 3.1")
Weight	4.9 lbs. (2.2 kg)

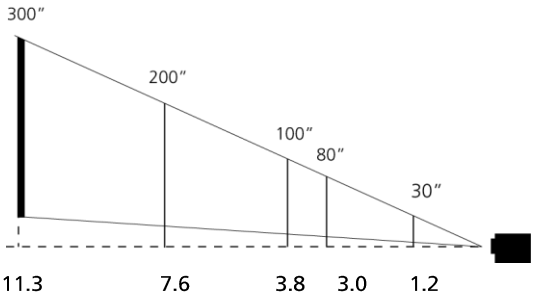
Feature Highlights

Expressive display
- Acer ColorBoost
- Acer ColorSafe II
- Acer SpectraBoost
- DLP® 3D Ready
- Native SVGA (800 x 600) resolution
- 2700 ANSI lumens brightness
- 4000:1 contrast ratio

Enhanced usability
- Acer Empowering Technology
- Acer SmartFormat Technology
- High Altitude Mode
- Wall color compensation
- Quick Start
- Instant Pack
- Instant Resume
- Security PIN

Installation flexibility
- Installation menu
- Smart Detection
- Digital zoom and pan
- Closed captioning

Eco-friendly functionality
- Acer EcoProjection
- ECO mode
- Up to 6000-hour lamp life
- Low noise level (26 dBA)
- Auto shutdown



Acer ColorBoost is an advanced technology that refines waveform to improve color performance based on lamp spectrum and color wheel properties. ColorBoost (1) improves natural color temperature to achieve optical color balance, and (2) enhances color brightness according to content by working with Acer eView Management, which provides scenario modes with a color-specific refined waveform.

Acer ColorSafe II
Acer projectors featuring ColorSafe are virtually immune to color decay, such as the yellow or green tint on images displayed by some projectors that have been used for extended periods of time. Acer projectors take advantage of DLP® technology to guarantee picture integrity despite prolonged use. The extended lifespan and consistent image quality lower the total cost of ownership and translate to big savings.

Acer SpectraBoost technology
Wider color gamut achieved via patented color wheel coating technology boosts 30% extra color saturation.

Acer EcoProjection is a complete environment-friendly power management solution that reduces standby power consumption by up to 50%, from 5 W to 1 W. Also featured in the Acer EcoProjection suite is Acer ePower Management for customized power-saving configurations.

About Acer
Since its founding in 1976, Acer has achieved the goal of breaking the barriers between people and technology. Globally, Acer ranks No. 2 for total PCs and notebooks. A profitable and sustainable Channel Business Model is instrumental to the company's continuing growth, while its multi-brand approach effectively integrates Acer, Gateway, Packard Bell, and eMachines brands in worldwide markets. Acer strives to design environmentally friendly products and establish a green supply chain through collaboration with suppliers. Acer is proud to be a Worldwide Partner of the Olympic Movement, including the Vancouver 2010 Olympic Winter and London 2012 Olympic Games. The Acer Group employs 7,000 people worldwide. 2009 revenues reached US$17.9 billion. See www.acer-group.com for more information.
