3M CP40

Brief Introduction Beta 2.5	The CP40 LED projector from 3M has 14 Ansi lumens and a VGA 640 x 480 resolution. The manufacturer specifies an LED service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The integrated media player allows files to be played directly. Thanks to the built-in rechargeable battery, the projector does not require a power supply for 2 hours, allowing it to be set up spontaneously and easily anywhere. On the market since 2010, the model is no longer offered by the manufacturer 3M.
