Versatile Performance with 3M's New Digital Media System 700 Series

Bring portable, bright and light, audio/video performance to your small office, home office, boardroom or living room with 3M's new Digital Media Systems 700 series projectors. The Digital Media Systems 700 series features Vikuiti™ Super Close Projection for a 50" diagonal screen image from only about 24.5" away or up to 80" diagonal screen of Hollywood Quality Video™ displayed on almost any surface from just 40" away. And with integrated Dolby™ sound, your audience will hear the action as well as see it. A full complement of connectivity options makes the system easy to use with other equipment. When portable, versatile projection matters, 3M's new Digital Media Systems 700 series delivers.

Digital Media System 700

- Project 50" Hollywood Quality Video images from just 24.5" or up to 80" from 40" away
- Native 4:3 aspect ratio, 16:9 supported for common video formats
- Dolby 2.0 Sound
- Full connectivity including flash-drive compatible USB port
- DLP projection with superior contrast, focus, brightness and uniformity
- Front panel input/output interface for reduced cabling and room clutter
- Proximity to screen virtually eliminates shadows and pass-through image disruptions
- Lightweight, portable and sleek design

Digital Media System 710

The same features as the Digital Media System 700 *plus*:

- Integrated, rear-feed digital DVD player
- Powerful Dolby 5.1 Sound

"The Digital Media System 710 is a portable projector that lets me impress clients with big-screen presentations in my office, or theirs. And I can take it home to enjoy games or movies the way they were meant to be experienced – with crystal-clear, larger-than-life images and powerful Dolby sound."

Vikuiti™ Super Close Projection

HQV POWERED BY TERANEX

Turn Almost Any Environment Into a High-Performance Multimedia Center

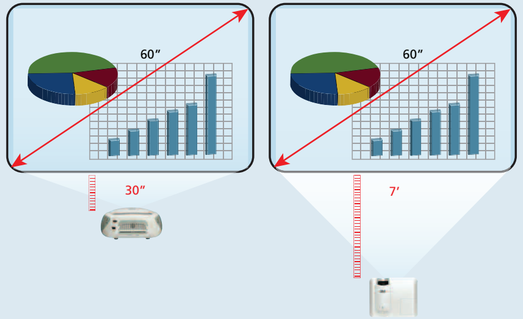

Today's businesses and organizations require an unprecedented amount of mobility and flexibility when it comes to communicating through audio visuals and presentations. You will find both of these features in the 3M Digital Media System 700 Series projectors.

Even the smallest rooms or spaces – like an office cubicle, a customer's dining room, a small classroom or a military hangar – will benefit from the video quality, brightness, incredible sound and close-to-the-screen placement of the Vikuiti™ Super Close Projection systems.

And if you're presenting on the go, the all-in-one features of the 700 Series make it easy to carry everything in the soft, protective, backpack-style case that comes standard. Simply connect your PC or use a pre-loaded file on a memory stick, and you can use the remote control to run your presentation while you command the attention of the audience.

Vikuiti Super Close Projection vs. Traditional Digital Projectors
