3M MP 8620

Brief Introduction Beta 2.5	The 3M MP 8620 LCD projector has 450 Ansi lumens, a contrast of 150:1 according to Ansi and an SVGA 800 x 600 resolution. 450 Ansi lumens ensure that a picture width of 185 cm is also possible. However, if room light is available, the picture should be a maximum of 123 cm wide. On the market since 1997, the model is no longer offered by the manufacturer 3M. It should also be noted that, unfortunately, there are no longer any replacement lamps for the projector, neither originals nor replicas.
