Epson USA PowerLite 750F

EPSON USA POWERLITE 750F

Brief Introduction Beta 2.5	The PowerLite 750F laser LCD projector from Epson USA has 3600 Ansi lumens, a contrast of 2500000:1 and an HDTV 1920 x 1080 resolution. Thanks to the laser technology, the projector has a light life of up to 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. The integrated media player can play files directly. The horizontal and vertical keystone correction provides leeway when setting up. With a projection ratio of just 0.26:1, this projector never gets in the way. For a 2m wide image, the projector only needs to be 52 cm away from the screen. In the event that the image is still too small, the projector offers integrated edge blending software, which allows several projectors to project a large image together. Playing 1080P is also no problem for the projector, which can even project Blu-rays onto the ceiling thanks to 360Â° projection. This model is no longer offered by Epson USA.
Display Type	3 x 0,61" LCD TFT Panel HDTV 16/9 Liquid Crystal Display
Ansi-Lumen	Projector: 3600 / 2500 im Eco Mode Screen: 1600 Lux (200 cm Screen width)
