Acer X128H

Brief Introduction Beta 2.5	The X128H 3D BrilliantColor DLP projector from Acer has 3600 Ansi lumens, a contrast of 20000:1 and an XGA 1024 x 768 resolution. The lamp life is specified by the manufacturer as 4000 hours, which converts to over 5.5 years at 2 hours per day. 3600 Ansi lumens ensure that a picture width of 523 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 349 cm. Playing 1080P and 3D is also no problem for the projector. With only 30 decibels of operating noise, the model is already very quiet compared to others. This model is no longer offered by Acer.
