Everycom Q10W Max

Brief Introduction Beta 2.5	The Everycom Q10W Max Standard Portable LED LCD Projector has 750 ANSI lumens, a contrast ratio of 1000:1, and an HDTV resolution of 1920 x 1080. Thanks to the LEDs, the projector has a light source lifespan of up to 30,000 hours?that?s over 20.5 years if used for four hours a day. Built-in horizontal and vertical keystone correction offers flexibility when setting up the projector. An image width of up to 278 cm is possible. However, in bright room conditions, the image should be set to a smaller size. We recommend a maximum of 185 cm. The projector supports AirPlay and Miracast screen mirroring, allowing you to stream high-resolution videos and surround sound directly from smartphones, tablets, and PCs running Android, Windows, or iOS via Wi-Fi. Additionally, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. Playing 1080p and 4K (compressed) content is also no problem for the projector.
