Epson EB 1945W

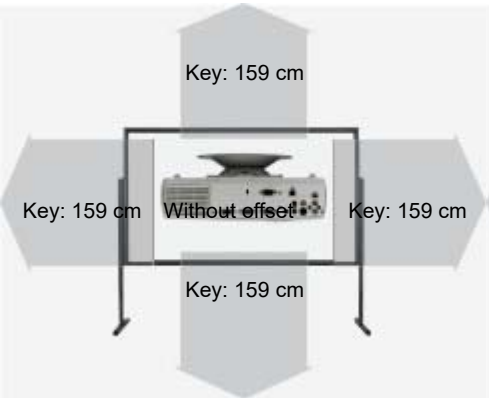

Brief Introduction Beta 2.5	The Epson EB 1945W standard portable LCD projector has 4200 Ansi lumens, a contrast of 3000:1 and a WXGA 1280 x 800 resolution. The integrated media player can play files directly. Built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 658 cm is possible, if the image width is smaller (we recommend max. 439 cm), rooms with residual light are also no problem. The projector can also play 1080P without any problems. The model built in 2012 is no longer offered by Epson, but is still very popular in our projector database.
