H-PEC H 2210IB

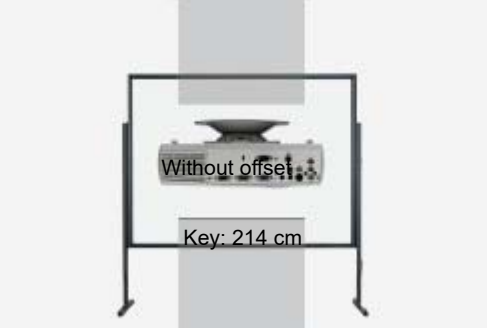

Brief Introduction Beta 2.5	With the H 2210IB, manufacturer H-PEC offers a whiteboard LCD projector with XGA 1024 x 768 resolution and a contrast of 500:1. An image width of up to 408 cm is possible. However, the image should be smaller in room light. We recommend max. 272 cm. The projector also offers a whiteboard function that makes training and presentation rooms interactive. On the market since 2012, the model is no longer offered by the manufacturer H-PEC, but is still one of the very popular projectors.
