Optoma W355

Brief Introduction Beta 2.5	The Optoma W355 is a DLP projector with WXGA 1280 x 800 resolution and a contrast ratio of 22000:1. The projectors lamp has a rated life of 10,000 hours, which would be over 13.7 years if used for 2 hours a day. The projector is equipped with a microphone jack and 16W speaker, so no additional speakers are required for presentations or training sessions. An image width of up to 610 cm is possible; if the image width is smaller (we recommend max. 407 cm), even rooms with residual light are no problem. The HDMI MHL (Mobile High-Definition Link) port allows 1080p/60 Hz image mirroring (screen mirroring) from a smartphone while it is being charged via the connection. It is also Full HD 1080P and 3D compatible. Launched in 2016, this model is no longer available from the manufacturer Optoma.
