Elmo EDP 6100

Brief Introduction Beta 2.5	The standard portable EDP 6100 LCD projector from Elmo has 1900 Ansi lumens, a contrast of 250:1 and an XGA 1024 x 768 resolution. The projector can illuminate an image width of up to 380 cm thanks to its 1900 Ansi lumens. In room light, however, the image width should ideally be less than 253 cm. The model is no longer offered by Elmo. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
