Epson EB Z11005

EPSON EB Z11005

Brief Introduction Beta 2.5	The Epson model EB Z11005 is an LCD projector with XGA 1024 x 768 resolution and a contrast of 15000:1. The integrated lens shift gives freedom when positioning the projector. The projector will be able to illuminate a screen width of 913 cm well. Rooms with residual light can be created by the projector with a smaller image width, we recommend a maximum of 609 cm. If the image is still too small, the integrated edge blending software can help to project a larger image with additional projectors. It is also Full HD 1080P compatible. It was launched in 2014 and is no longer offered by the manufacturer Epson.
