Acer C202i

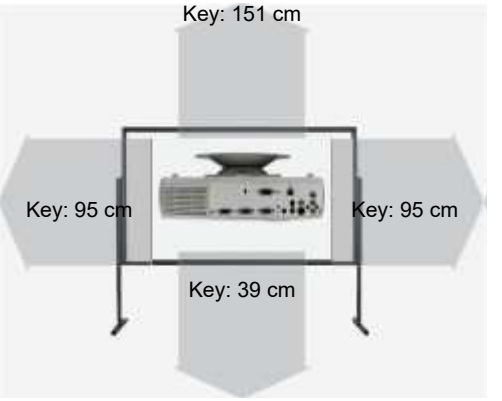

Brief Introduction Beta 2.5	The game portable C202i LED DLP has 250 Ansi lumens, a contrast of 5000:1 and a WVGA 854 x 480 resolution. The manufacturer Acer specifies a service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. The projector can illuminate a picture width of up to 161 cm well thanks to its 250 Ansi lumens. In room lighting, however, the picture width should ideally be less than 107 cm. Thanks to the built-in 9000 mAh 5-hour lithium-ion battery, no power supply is required, allowing the projector to be set up quickly and flexibly. The model optionally recognizes Ezcast, Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). The model is also Full HD 1080P compatible. The projector is very quiet compared to others with 29 decibels of operating noise. The model built in 2018 is no longer offered by Acer, but is still a popular projector in our database.
Display Type	0,2" DLP Chip WVGA 16/9 Ti Digital Light Processing Chip
Ansi-Lumen	Projector: 250 / 200 im Eco Mode; Screen: 111 Lux (200 cm Screen width)
Contrast	Projector: 5000:1; Screen: 5000:1
Black Level	Projector: 0,0500 min. Lumen; Screen: 0,022 min. Lumen
