Hitachi ED D10N

Brief Introduction Beta 2.5	With the ED D10N, manufacturer Hitachi offers an LCD projector with XGA 1024 x 768 resolution and a contrast of 400:1. Thanks to the short-throw projection ratio of just 0.56:1, the projector is also not distracting in the room. For a 2m wide image, the projector only needs to be 112 cm away from the screen. Playing 1080P is also no problem for the projector. The projector was launched in 2010 and is no longer sold by the manufacturer.
