Acer K137

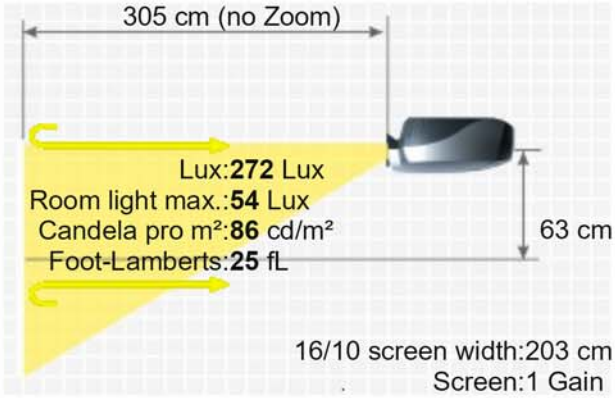

Top 10

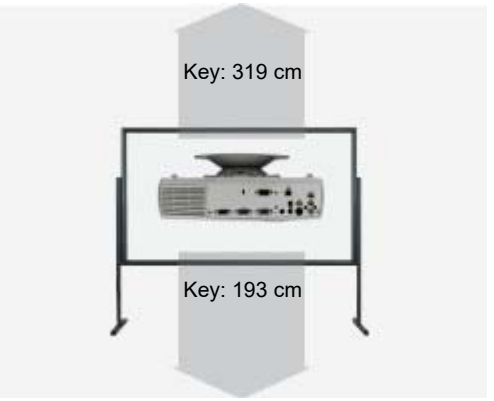

Brief Introduction
Beta 2.5

The K137 3D LED DLP projector from Acer has 700 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. The manufacturer Acer specifies a service life of 30,000 hours, which is over 20.5 years if enjoyed for four hours a day. The projector can illuminate a picture width of up to 269 cm well thanks to its 700 Ansi lumens. In room light, however, the image width should ideally be less than 179 cm. A smartphone with MHL connection can be connected directly to the MHL/HDMI port for 1080p / 60 Hz image mirroring (screen mirroring). 1080P playback is also no problem for the projector. It was launched in 2014 and is no longer offered by the manufacturer Acer, but is still very popular in our projector database.
