# Acer P1200A

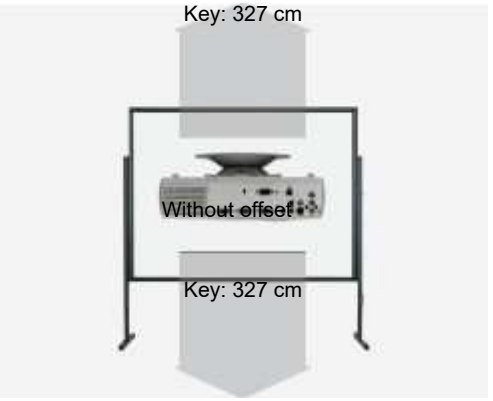

| | |
|---|---|
| Brief Introduction<br>Beta 2.5 | A brief introduction to the P1200A: The Acer standard portable 3D DLP projector offers 2600 Ansi lumens, a contrast of 3700:1 and an XGA 1024 x 768 resolution. The lamp life is specified by the manufacturer as 4000 hours, which is over 5.5 years if enjoyed for two hours every day. The projector can illuminate a picture width of up to 444 cm thanks to its 2600 Ansi lumens. In room light, however, the picture width should ideally be less than 296 cm. 1080P playback is also no problem for the projector. At 28 decibels, the projector is very quiet compared to other projectors. The model built in 2010 is no longer offered by Acer. |
| Display Type | 1 x 0,55" DC3 DLP Chip<br>XGA 4/3 Ti Digital Light Processing Chip |
