Acer ColorBoost II+ Technology

ColorBoost II+ is an advancement that refines the form of light waves to improve color performance based on lamp spectrum and color-wheel properties. Acer ColorBoost II+ enriches natural color temperature to achieve optical color balance, and enhances content-based color brightness.

Presentation to Go

This projector offers 2 GB of internal memory and USB multimedia readers that enable the Presentation To Go function: Full access to photos, videos, music and Office documents (PowerPoint, Excel, Word and PDF), directly from a USB stick or any USB drive — no need for a computer or video player!

DLP 3D® Ready

This projector supports DLP® 3D glasses for viewing in 3D any 120 Hz frame-sequential 3D content from a PC with a 120 Hz graphics card and 3D stereoscopic player.

Acer EcoProjection

Acer EcoProjection is a complete, environment-friendly power management solution that reduces standby power consumption by up to 75%. Also featured in the Acer EcoProjection suite is Acer ePower Management for customized power-saving configurations.
