

Acer P5205

ACER P5205

The P5205 3D BrilliantColor DLP projector from Acer has 4000 Ansi lumens, a contrast of 2500:1 and an XGA 1024 x 768 resolution. Thanks to the brightness of 4000 Ansi lumens, an image width of 551 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 367 cm). Even 1080P video signals are no problem for the projector. With only 29 decibels of operating noise, the model is already very quiet compared to others. The model built in 2010 is no longer offered by Acer.

Brief Introduction

Beta 2.5

Display Type

1 x 0,55" DLP Chip
XGA 4/3 Ti Digital Light Processing Chip

Ansi-Lumen
