Acer P5630

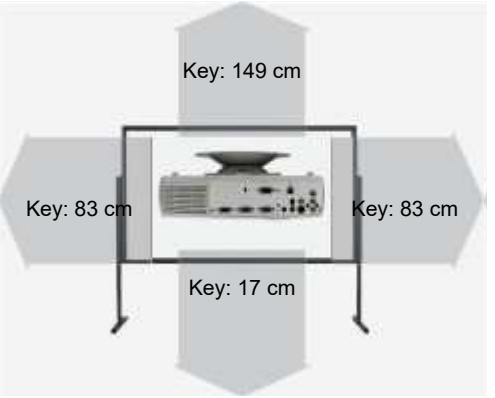

Brief Introduction Beta 2.5	A brief introduction to the Acer P5630. The DLP projector has a WUXGA 1920 x 1200 resolution and a contrast of 20000:1. The lamp life is up to 10000 hours, which converts to over 13.7 years at 2 hours per day. The horizontal and vertical keystone correction provides leeway when setting up. An image width of up to 643 cm is possible as the projector has 4000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 429 cm. Furthermore, the projector can play 1080P and 3D without any problems.
