Acer PD1520Us

Brief Introduction Beta 2.5	The PD1520U short-throw LED DLP projector from Acer has 500 ANSI lumens, a contrast ratio of 10,000:1, and HDTV 1920 x 1080 resolution. The LEDs have a service life of 30,000 hours, which would be over 20.5 years if viewed for 4 hours a day. This projector has a projection ratio of only 0.26:1. For a 2 m wide image, the projector only needs to be 52 cm away from the screen. The built-in optional 5000mAh (2 hours) battery means that no power supply is required, allowing the projector to be set up quickly and flexibly. Since the projector recognizes Airplay and Miracast screen mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, or PC (Android, Windows, and iOS) via Wi-Fi. In addition, the Bluetooth capability is a useful addition to the projector, especially for wireless audio transmission. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.
Display Type	1 x DLP Chip HDTV 16/9 Ti Digital Light Processing Chip
Ansi-Lumen	Projector: 500 / 400 ECO — Screen: 222 Lux (200 cm Screen width)
