Acer QH10

Brief Introduction Beta 2.5	The Game-Portabel QH10 LED has 200 Ansi-Lumen, a contrast of 1000:1 and a HDTV 1280 x 720 resolution. Thanks to the LEDs, the projector has a light life of up to 20000 hours, which is over 13.7 years with a daily viewing time of 4 hours. Due to the brightness of 200 Ansi lumens, a picture width of 144 cm is possible. In room light, the picture should be max. 96 cm wide. The model optionally recognizes Ezcast, screen mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). Even 1080P playback is no problem for the projector. On the market since 2019, the model is no longer offered by the manufacturer Acer, but is still one of the very popular projectors.
Display Type	[redacted] -
