Optoma ZU606Te

OPTOMA ZU606TE

Brief Introduction Beta 2.5	The standard portable ZU606Te 3D laser DLP has 6300 Ansi lumens, a contrast of 300000:1 and a WUXGA 1920 x 1200 resolution. The manufacturer specifies a laser service life of 30000 hours, which converts to over 20.5 years at 4 hours per day. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. 806 cm picture width, the projector will be able to illuminate well. The projector can manage rooms with residual light with a smaller image width, we recommend a maximum of 537 cm here. Video signals 1080P and 3D are also no problem for the projector. The model built in 2019 is no longer offered by Optoma.
