Panasonic PT-VX615N

PANASONIC PT-VX615N

Brief Introduction Beta 2.5	The standard portable PT-VX615N LCD has 5500 Ansi-Lumen, a contrast of 10000:1 and an XGA 1024 x 768 resolution. The lamp life is specified by the manufacturer as 7000 hours, which is over 9.6 years with a daily viewing time of 2 hours. Includes an integrated media player with which files can be played directly. Includes a lens shift and keystone correction function, which provides freedom during installation. Thanks to the brightness of 5500 Ansi lumens, a picture width of 646 cm is possible. The projector can also handle slightly brighter rooms with a narrower picture width (we recommend max. 431 cm). The projector can also play 1080P without any problems. The projector was launched in 2017 and is no longer sold by the manufacturer.
Display Type	3 x 0,63" LCD TFT Panel XGA 4/3 Liquid Crystal Display
Projector Ansi-Lumen	5500
