WMAY P30

Brief Introduction Beta 2.5	The Game-Portabel P30 LED LCD has 200 ANSI lumens, a contrast ratio of 1000:1, and an HDTV resolution of 1280 x 720. Thanks to the LEDs, the lifespan is 30,000 hours, which would amount to over 20.5 years based on 4 hours of daily use. Horizontal and vertical keystone correction provides flexibility during setup. With 200 ANSI lumens, an image width of up to 164 cm is possible. However, if there is ambient light in the room, the image should be no wider than 109 cm. The model supports DLNA, AirPlay, and Miracast screen mirroring, making it possible to play high-resolution videos with surround sound directly over Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). In addition, the Bluetooth capability is a useful feature for the projector, especially for wireless audio transmission. Even 1080p video signals are no problem for the projector.
