XNANO X6

Brief Introduction Beta 2.5	The Standard Portable XNANO X6 LED LCD projector has 400 ANSI lumens, a contrast ratio of 1000:1, and an HDTV resolution of 1920 x 1080. The manufacturer specifies an LED lifespan of 30,000 hours, which would equate to over 20.5 years at 4 hours per day. Horizontal and vertical keystone correction ensures effortless image setup. An image width of up to 203 cm is possible. However, in room lighting, the image should be set to a smaller size. We recommend a maximum of 135 cm. The model supports AirPlay and Miracast screen mirroring, allowing you to stream high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet, or PC (Android, Windows, and iOS). Another notable feature is that the projector can be connected to external wireless speakers via Bluetooth. The projector also handles 1080p and 4K (compressed) video signals with ease.
Display Type	1 x LCD TFT Panel HDTV 16/9 Liquid Crystal Display
Ansi-Lumen	Projector: 400 / Screen: 178 Lux (200 cm Screen width)
Contrast	Projector: 1000:1 / Screen: 1000:1
