Yoton Y4 Pro

EAN/UPC:B09HZCXRTK

Brief Introduction Beta 2.5	A brief introduction to the Y4 Pro: The Yoton Game Portable LED LCD Projector offers 200 ANSI lumens, a contrast ratio of 10,000:1 and an HDTV resolution of 1280 x 720. Thanks to the LEDs, it has a lifespan of 30,000 hours, which equates to over 20.5 years at 4 hours? use per day. Files can be played back directly via the built-in media player. As the projector features horizontal and vertical keystone correction, it can be set up with plenty of space around it in the room. Thanks to its 200 ANSI lumens, the projector can effectively illuminate an image width of up to 144 cm. However, in well-lit rooms, the image width should ideally be less than 96 cm. The model recognises AirPlay and Miracast screen mirroring signals, making it possible to play high-resolution videos with surround sound directly via Wi-Fi from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. Furthermore, thanks to its Bluetooth functionality, the projector can be easily paired with other speakers. The model is also compatible with Full HD 1080p. With an operating noise level of just 25 decibels, the model is very quiet compared to others.
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
