ZENTALITY M8

EAN/UPC:B0HD9YBM22

Brief Introduction Beta 2.5	The ZENTALITY M8 LED LCD projector has 1,500 ANSI lumens, a contrast ratio of 20,000:1 and an HDTV resolution of 1,920 x 1,080. It is an LED projector with a lamp life of 30,000 hours, which would equate to over 20.5 years if used for 4 hours a day. Horizontal and vertical keystone correction provides flexibility when setting up. An image width of up to 269 cm is possible, as the projector has 1,500 ANSI lumens. However, if there is ambient light in the room, the image should be no more than 179 cm wide. Google TV transforms the projector into a smart entertainment centre with countless functions. The projector supports AirPlay and Miracast screen mirroring, enabling high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. Another notable feature is that the projector can be connected to external wireless speakers via its Bluetooth function. Furthermore, the projector can play 1080p and 4K (compressed) without any issues.
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
Projector Ansi-Lumen	1500
Contrast	20000:1
Black Level	0,0750 min. Lumen
Offset	-
