

ASK Proxima C445+

ASK PROXIMA C445+

The ASK Proxima model C445+ is an LCD projector with XGA 1024 x 768 resolution and a contrast of 1000:1. The built-in lens shift and keystone correction function provides freedom when setting up. Thanks to the brightness of 4000 Ansi lumens, a picture width of 551 cm is possible. The projector will also cope with slightly brighter rooms with a smaller picture width (we recommend max. 367 cm). It came onto the market in 2007 and is no longer offered by the manufacturer ASK Proxima.
