ASK Proxima E3655W

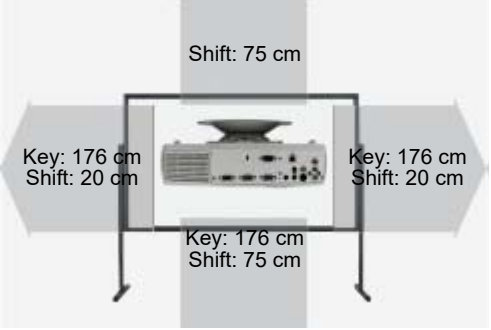

DLP | 360° Projektion | Edge Blending | Lens Shift | Netzwerk | USB

Brief Introduction Beta 2.5	The stationary E3655W DLP has 6500 Ansi lumens, a contrast of 6000:1 and a WXGA 1280 x 800 resolution. The service life of the lamp is up to 4000 hours, which would be the equivalent of over 5.5 years at 2 hours per day. The built-in lens shift and keystone correction function provides freedom when setting up. 819 cm image width, the projector will be able to illuminate well. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 546 cm. If the image width is not sufficient, the projector offers integrated edge blending software, which allows several projectors to project a large image together. The model is also Full HD 1080P compatible. Even projection onto the ceiling is possible thanks to the 360Â° projection. The model built in 2013 is no longer offered by ASK Proxima.
