Asus B1MR

Brief Introduction Beta 2.5	A brief introduction to the Asus B1MR. The micro-portable DLP LED projector has a WXGA 1280 x 800 resolution and a contrast of 10000:1. The lifespan of the LEDs is 30000 hours, which converts to over 20.5 years at 4 hours. The integrated media player allows files to be played directly. A picture width of up to 305 cm is possible. However, the picture should be smaller in room light. We recommend a maximum of 203 cm. Video signals 1080P are also no problem for the projector.
