

AuKing A98

AUKING A98

A brief introduction to the A98: The AuKing LED LCD projector offers 1800 ANSI lumens, a contrast ratio of 28000:1 and an HDTV 1920 x 1080 resolution. The LEDs give the projector a light lifespan of up to 30,000 hours, which is the equivalent of over 20.5 years at 4 hours a day. A picture width of up to 431 cm is possible because the projector has 1800 Ansi-Lumen. However, if room light is present, the picture should be a maximum of 287 cm wide. The model recognizes Airplay and Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. In addition, the Bluetooth option is a useful addition to the projector, especially for wireless audio transmission. The projector can also handle video signals 1080P and 4K (compressed).

Brief Introduction

Beta 2.5

Display Type

1 x LCD Panel
HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

500

222 Lux (200 cm Screen width)
