Barco CLM HD6

Brief Introduction Beta 2.5	A brief introduction to the Barco CLM HD6. The DLP projector has an HDTV 1920 x 1080 resolution and a contrast of 1300:1. The integrated lens shift gives freedom when positioning the projector. Thanks to the brightness of 6000 Ansi lumens, a picture width of 787 cm is possible. The projector can also handle slightly brighter rooms with a narrower image width (we recommend max. 525 cm). Even 1080P video signals are no problem for the projector. The projector was launched in 2011 and is no longer sold by the manufacturer.
