Benq MW855UST+

The MW855UST+ 3D DLP projector from Benq has 3500 Ansi lumens, a contrast of 10000:1 and a WXGA 1280 x 800 resolution. As it is a short-throw projector, the projector can be placed very close to the wall. For a 2 m wide image, the projector only needs to be 70 cm away from the screen. A smartphone with an MHL connection can be connected directly to the MHL/HDMI port and transmit a 1080p / 60 Hz image mirroring (screen mirroring) while the smartphone is being charged at the same time. Furthermore, the projector can play 1080P and 4K (compressed) as well as 3D without any problems, and therefore all currently available Blu-ray formats can be recognized by the projector. On the market since 2019, the model is no longer offered by the manufacturer Benq.

Brief Introduction
Beta 2.5

Display Type	1 x 0,55" DLP Chip WXGA 16/10 Ti Digital Light Processing Chip	
	Projector	Screen
Ansi-Lumen	3500	1400 Lux (200 cm Screen width)
