Benq MX812ST

BENQ MX812ST

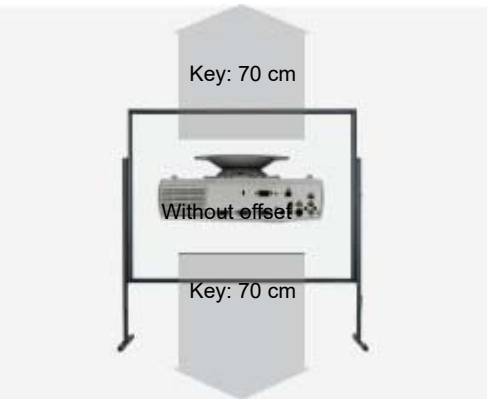

Brief Introduction Beta 2.5	The short-throw Benq MX812ST 3D BrilliantColor DLP projector has 3500 Ansi lumens, a contrast of 4600:1 and an XGA 1024 x 768 resolution. The projector is equipped with an integrated media player, so direct playback of files will not be a problem. Thanks to the short-throw projection ratio of just 0.61:1, the projector is also not distracting in the room. For a 2m wide image, the projector only needs to be 122 cm away from the screen. The projector is equipped with a microphone jack plug and 10W speakers, so no additional speakers are required for presentations or training sessions. Even 1080P video signals are no problem for the projector. On the market since 2010, the model is no longer offered by the manufacturer Benq, but is still a popular projector in our database.
