

# Benq TK710STi

BENQ TK710STi

## Brief Introduction

Beta 2.5

The short-throw TK710STi 3D laser DLP has 3200 Ansi lumens, a contrast of 600000:1 FOFO and a UHD (4K2K) 3840 x 2160 resolution. The manufacturer specifies a laser service life of 20000 hours, which would be over 13.7 years with a daily viewing time of 4 hours. With the lens shift function, the projector can be positioned very freely. Thanks to the short-throw projection ratio of just 0.69:1, the projector does not stand in the room. For a 2m wide image, the projector only needs to be 138 cm away from the screen. As the projector optionally recognizes Chromecast, Airplay and Miracast screen mirroring signals, it is possible to play videos with a high resolution and surround sound directly from a smartphone, tablet or PC (Android, Windows and iOS) via Wi-Fi. Even 1080P and 4K video signals are no problem for the projector.

## Display Type

1 x DLP Chip  
HDTV 16/9 Ti Digital Light Processing Chip

## Ansi-Lumen

Projector 3200

Screen 1422 Lux (200 cm Screen width)

## Contrast
