BRIGHTAKE 650 Ansi

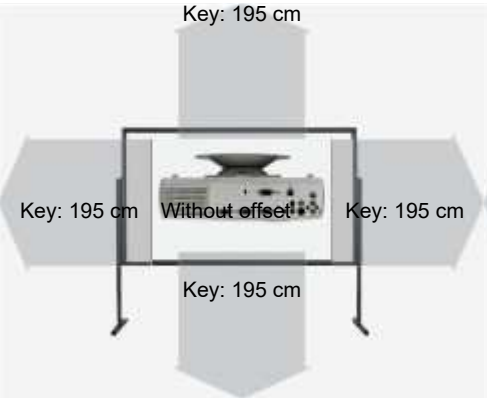

Brief Introduction Beta 2.5	The BRIGHTAKE 650 ANSI LED LCD projector has 650 ANSI lumens, a contrast ratio of 20,000:1 and an HDTV resolution of 1920 x 1080. Thanks to its LEDs, the projector has a lamp life of up to 30,000 hours, which equates to over 20.5 years if used for 4 hours a day. As the projector features horizontal and vertical keystone correction, it can be positioned with plenty of space around it in the room. With a brightness of 650 ANSI lumens, an image width of 222 cm is possible. In room lighting conditions, the image should be no more than 148 cm wide. The projector supports AirPlay and Miracast screen mirroring, enabling high-resolution videos and surround sound to be streamed directly via Wi-Fi from smartphones, tablets and PCs running Android, Windows or iOS. Another notable feature is that the projector?s Bluetooth function allows it to be connected to external wireless speakers. It is also compatible with Full HD 1080p and 4K (compressed). With an operating noise level of just 30 decibels, this model is very quiet compared to others.
Display Type	1 x LCD Panel HDTV 16/9 Liquid Crystal Display
Projector: Ansi-Lumen	650
Projector: Contrast	20000:1
Projector: Black Level	0,0325 min. Lumen
Projector: Offset	-
