

Byintek UFO P70

BYINTEK UFO P70

The Byintek UFO P70 LED DLP projector has 380 Ansi lumens, a contrast of 5000:1 and a WSVGA 960 x 540 resolution. Due to the LEDs, the projector is specified with 30000 hours of light life, which converts to over 20.5 years at 4 hours per day. The ambient light sensor allows the projector to automatically optimize the projected image. A built-in horizontal and vertical keystone correction provides freedom when positioning the projector. An image width of up to 198 cm is possible as the projector has 380 Ansi lumens. However, if room light is available, the image should be max. 132 cm wide. Thanks to the built-in 8000mAh battery, no power supply is required, which means that the projector can be set up quickly and flexibly. As the projector recognizes Airplay, Miracast Screen Mirroring signals, it is possible to play videos with high resolution and surround sound directly from a smartphone, tablet, PC (Android, Windows and iOS) via WLAN. Another extra is that the projector can be connected to external wireless speakers using the Bluetooth function. It is also Full HD 1080P and 4K (compressed) compatible.

Brief Introduction Beta 2.5

Display Type

 1 x 0,23" DMD DLP Chip
WSVGA 16/9 Ti Digital Light Processing Chip

Ansi-Lumen
