

Christie LWU701i-D

CHRISTIE LWU701i-D

The LWU701i-D LCD projector from Christie has 7000 Ansi lumens, a contrast of 10000:1 and a WUXGA 1920 x 1200 resolution. An image width of up to 850 cm is possible as the projector has 7000 Ansi lumens. The projector can create rooms with residual light with a smaller image width, we recommend a maximum of 567 cm. If the image is still too small, the integrated edge blending software can help to project a larger image with additional projectors. Playing 1080P is also no problem for the projector, which can even project Blu-rays onto the ceiling thanks to 360° projection. It was launched in 2015 and is no longer offered by the manufacturer Christie.

3 x 0,76" LCD TFT Panel
WUXGA 16/9 Liquid Crystal Display

Projector	7000	3111 Lux (bei 200 cm Screen)
