

CineVersum BlackWing Two MK2017

BLACK WING 3D

Brief presentation of the CineVersum BlackWing Two MK2017. The high-end home cinema DILA projector has a UHD (4K2K) 3840 x 2160 resolution and a contrast of 120000:1. The manufacturer claims a lamp life of 4500 hours, which is over 6.2 years with two hours of enjoyment every day. The integrated lens shift gives freedom when positioning the projector. An image width of up to 443 cm is possible. However, the image should be smaller in room light. We recommend max. 295 cm. Playing 1080P and 4K as well as 3D is also no problem for the projector, which means that all Blu-ray formats currently available can be recognized by the projector. At 19 decibels, the projector is very quiet compared to other projectors. On the market since 2017, the model is no longer offered by the manufacturer CineVersum.
