CineVersum Force 4K

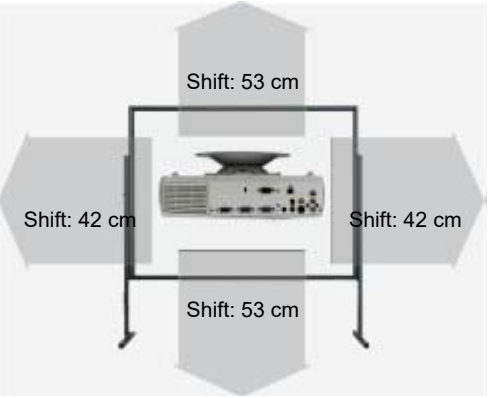

Brief Introduction Beta 2.5	The Force 4K Laser LCOS projector from CineVersum has 3000 Ansi lumens and a UHD (4K+2K) 4096 x 2160 resolution. The manufacturer specifies a laser service life of 20000 hours, which is over 13.7 years if enjoyed for four hours a day. The built-in lens shift function provides freedom when setting up. 3000 Ansi lumens ensure that a picture width of 682 cm is also possible. However, if room light is available, the picture should be max. 455 cm wide. The model is also Full HD 1080P and 4K compatible. With only 25 decibels of operating noise, the model is already very quiet compared to others. The model built in 2018 is no longer offered by CineVersum.
Display Type	 3 x 0,69" LCoS Chips UHD 19/10 Liquid Crystal on Silicon (LCOS)
Projector: Ansi-Lumen	3000
Projector: Contrast	-
