

CoolEeve 20000 Lumen Bluetooth Beamer

COOLEEVE 20000 LUMEN BLUETO

The CoolEeve model 20000 lumen Bluetooth projector is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 10000:1. The lifespan is 30000 hours due to the LEDs, which is over 20.5 years with a daily viewing time of 4 hours. As CoolEeve specifies the brightness of the projector in lumens, we have calculated an approximate Ansi lumen value in this case. The projector can illuminate a picture width of up to 352 cm well with 1200 Ansi lumens. In room lighting, however, the picture width should ideally be less than 235 cm. The model recognizes DLNA, Airplay, Miracast Screen Mirroring signals, so it is possible to play videos with high resolution and surround sound directly via WLAN from a smartphone, tablet or PC (Android, Windows and iOS). Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Furthermore, the projector can play 1080P and 4K (compressed) without any problems.
