DAVIS DL S8 LE

Brief Introduction Beta 2.5	A brief introduction to the Davis DL S8 LE. The DLP projector has an SVGA 800 x 600 resolution and a contrast of 180:1 / 450:1. The projector can illuminate a picture width of up to 246 cm thanks to its 800 Ansi lumens. In room light, however, the image width should ideally be less than 164 cm. This model is no longer offered by Davis. It should also be noted that, unfortunately, there are no more replacement lamps for the projector, neither originals nor replicas.
