Davis Powerbeam VI

DAVIS POWERBEAM VI

Brief Introduction Beta 2.5	With the Powerbeam VI, manufacturer Davis offers a DLP projector with SVGA 800 x 600 resolution and a contrast of 250:1. The projector can illuminate images up to 222 cm wide thanks to its 650 Ansi lumens. In room light, however, the picture width should ideally be less than 148 cm. It is no longer offered by the manufacturer Davis. Unfortunately, we can no longer offer replacement lamps for this model, neither originals nor replicas.
