Dell Mobile Projector M115HD

You are no longer tied to a traditional office

Get the freedom to project bright, colorful images on-the-go from your computer and other mobile devices with the ultra-portable **Dell Mobile Projector - M115HD.** Lightweight and small enough to fit in the palm of your hand, this mobile projector uses a long-lasting LED light source to project clear, bright content. A variety of connectivity and storage options allow you project multimedia content from a wide range of devices. The small size, bright light source and versatility make the M115HD the ideal projection solution for the professional on-the-go.

Ready to go wherever you go...

When you need to be away from the office, you need technology that can help you conduct business nearly anywhere you go. The M115HD is 4.14" x 1.43" x 4.09" (105.3mm x 36.5mm x 104mm) in size and weighs only 0.8 lb ±0.05 lb (360g ±22.7g), so it is easy to carry in your travel bag or laptop bag.

... with the features you want

- **View bright, colorful presentations in a variety of lighting conditions** with the M115HD's LED 450 ANSI lumens (max.) light source and 10,000:1 Typical (Full On/Full Off) contrast ratio. 1280x800 (WXGA) native resolution, support for 720p HD, built-in speaker and audio output jack make the M115HD a great choice for mobile projection of video, presentations, and a variety of media.
- **Optional wireless functionality (USB wireless dongle sold separately) for advanced capabilities and enhanced features** allows you to wirelessly connect to your laptop for projection of content stored on the PC[1].
- **Connect select mobile devices[3] such as an iOS or Android smartphone or tablet wirelessly** with the M115HD projector (optional wireless dongle required and sold separately) to display Microsoft® Office® documents, PDF files, or photo files using the free WiFi-Doc app available for download from App Store or Google Play.
- **PC-free presentation** enables you to project without a PC. You can store content directly on the M115HD's 1GB internal flash memory[2], on a MicroSD card or a USB flash drive for instant viewing directly from the projector.
- **HDMI input allows for projection from a variety of high-definition digital media players,** including DVRs, DVD players, Blu-ray players, and gaming consoles.

Conference room to family room, and nearly anywhere in between

The M115HD projector is ideal for small, impromptu meetings, but it's not limited to the office. You can take it to a customer site to show a demo video, to a recruiting event to promote your company, to an offsite location to present training, or to a coffee shop to showcase your portfolio to a potential client. You can use the M115HD nearly anywhere you go to share documents, photos and videos, without having to rely on unfamiliar technology.

Worry less

Maintenance is simple because the M115HD is filter-free, featuring an LED light source with a long life of up to 30,000 hours[4] in normal mode. So you can spend less time and money on maintenance.

Get more peace of mind with Dell's Limited Hardware Warranty[5] with 1-Year Advanced Exchange Service[6], which ensures world-class service and support, with telephone technical support and 24/7 online technical support[7], should you need it. Optional Extended Advanced Exchange Service[6] for years 2 to 3, and optional Accidental Damage Service[8] (US and Canada only) are also available for up to 3 years.
