

DragonTouch L012

DRAGONTOUCH L012

Brief Introduction

Beta 2.5

The DragonTouch L012 model is an LCD LED projector with HDTV 1920 x 1080 resolution and a contrast of 15000:1. The service life is 30,000 hours thanks to the LEDs, which at 4 hours of viewing per day would be over 20.5 years. Since DragonTouch indicates the brightness of the projector in lumens, we have calculated an approx. Ansi-Lumen value in this case. An image width of up to 273 cm is possible. However, the image should be smaller in room light. We recommend a maximum of 182 cm. The projector has Airplay, Miracast Screen Mirroring support, which allows you to play videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS directly via WLAN. In addition, thanks to the Bluetooth function, the projector can be flexibly connected to other speakers. Furthermore, it is Full HD 1080P compatible.

Display Type

- 1 x LCD Panel
- HDTV 16/9 Liquid Crystal Display

Ansi-Lumen

720 / 12000 Lumen

Contrast

15000:1
