Elmo EDP 9000

3LCD | Bild im Bild | Motor | Pointer | W.-Optiken | USB

Brief Introduction Beta 2.5	With the EDP 9000, manufacturer Elmo offers a standard portable LCD projector with XGA 1024 x 768 resolution and a contrast ratio of 500:1. Since the projector features horizontal and vertical keystone correction, it can be set up with plenty of space in the room. The projector can effectively illuminate an image width of up to 515 cm. In rooms with ambient light, the projector performs best with a narrower image width; we would recommend a maximum of 343 cm in such cases. The projector was introduced in 1977 and is no longer sold by the manufacturer.
