Elmo EDP X500

3LCD | Bild im Bild | USB

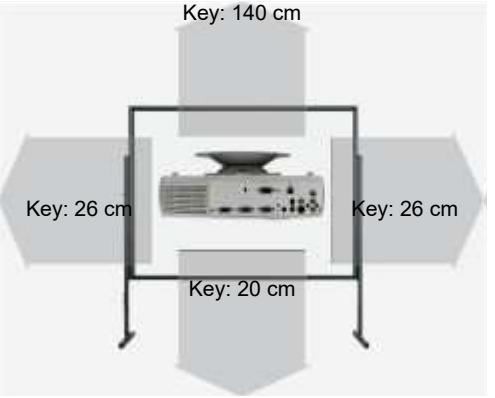

Brief Introduction Beta 2.5	The EDP X500 LCD has 3200 ANSI lumens, a contrast ratio of 400:1, and an XGA resolution of 1024 x 768. Since the projector features horizontal and vertical keystone correction, it can be set up with plenty of free space in the room. An image width of up to 493 cm is possible, thanks to its 3,200 ANSI lumens. However, if there is ambient light in the room, the image should be no wider than 329 cm. Manufactured in 1977, this model is no longer offered by Elmo. It should also be noted that, unfortunately, replacement lamps are no longer available for this projector? neither original nor aftermarket.
