Epson EB 1950

Brief Introduction Beta 2.5	The standard portable EB 1950 LCD projector from Epson has 4500 Ansi lumens, a contrast of 3000:1 and an XGA 1024 x 768 resolution. The projector also offers an integrated media player for direct playback of files. The horizontal and vertical keystone correction provides leeway when setting up. 4500 Ansi lumens ensure that a picture width of 584 cm is also possible. The projector manages rooms with residual light with a smaller image width, we recommend a maximum of 389 cm. Even 1080P video signals are no problem for the projector. This model is no longer offered by Epson.
