Epson EB 85/H

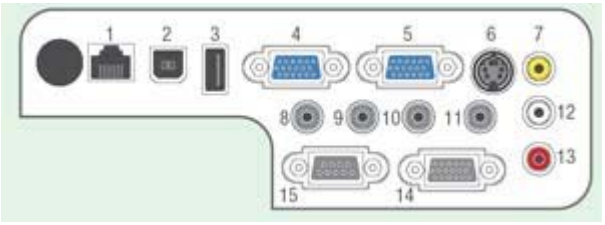

Brief Introduction Beta 2.5	The EB 85/H LCD projector from Epson has 2600 Ansi lumens, a contrast of 2000:1 and an XGA 1024 x 768 resolution. The manufacturer specifies a lamp life of 5000 hours, which is over 6.8 years if enjoyed for two hours a day. The integrated media player allows files to be played directly. The projector is equipped with a microphone jack plug and 10W speakers, so no additional speakers are required for presentations or training sessions. The projector will be able to illuminate a 444 cm wide screen well. If room light is available, however, the picture width should ideally not exceed 296 cm. 1080P playback is also no problem for the projector. This model is no longer offered by Epson.
