Epson EB-982W

EPSON EB-982W

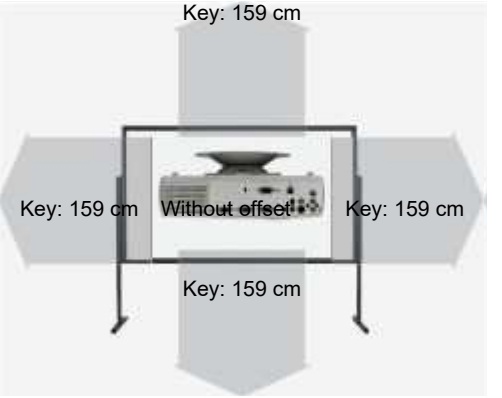

Brief Introduction Beta 2.5	With the EB-982W, manufacturer Epson offers an LCD projector with WXGA 1280 x 800 resolution and a contrast of 16000:1. The lamp of the projector is specified with a lamp life of 17000 hours, which is over 23.3 years with a daily viewing time of 2 hours. The integrated media player can play files directly. As the projector has horizontal and vertical keystone correction, the projector can be set up with plenty of free space in the room. As the EB-982W is equipped with a microphone jack plug and 16W speakers, no additional audio system is required for presentations or training courses. An image width of up to 658 cm is possible as the projector has 4200 Ansi lumens. The projector creates rooms with residual light with a smaller image width, we recommend a maximum of 439 cm. Furthermore, the projector can play 1080P without any problems.
